

## Medicare Action Alert

# Call Now!

Romanow's Final Report reflects the voice and mind of Canadians on how to save Medicare. But now both levels of government are ignoring what Canadians want and expect. The federal government says there's little money for medicare. The premiers are saying: NO to accountability for new federal money. NO to a National Health Council. NO to targeted funding and NO to a dedicated health transfer. Both levels of government are ignoring that Canadians said NO to for-profit health care.

This makes the upcoming First Ministers' meeting on health care a dangerous one. Lack of federal leadership and hard-nosed provincial attitudes is a combination which could mean a deal for political expediency but no deal to implement Romanow's plan to save Medicare.

Medicare belongs to you. Don't let them take it away from you and your loved ones. The First Ministers need to hear from YOU. Your call will make a difference.

1. Medicare belongs to the people of Canada. The Romanow report speaks for me. I expect you to implement it.
2. Federal funding should be increased to 25% of public health care spending.
3. I support accountability and transparency for federal health care dollars.
4. Public funding must be invested in non-profit delivery.
