

Paramedics Rally Be There!

The right to retire at 60 with full pension.
It's a matter of safety and fairness.

Like police and firefighters, Ontario's Paramedics deserve the right to retire at age 60 with full pension.

Join Paramedics from across Ontario at a rally to send a message to OMERS Sponsors Corporation members who are meeting April 17.

Tell them to support changes to the OMERS pension plan that would simply allow union locals the right to negotiate retirement at age 60 with full pension.

Like police and firefighters,
It's a matter of safety
and fairness.
