

# Whatever it takes!

Bargaining information for OPSEU-HPD members

Issue sheet 3

# We're seeing RED

## Why are OPSEU Hospital Professionals seeing RED?

- Our work is making us sick and tired. We're overworked and underpaid for the important work we do.
- The employer's offer to our central team was unbalanced, divisive, and didn't address the problems.
- We've been waiting too long for a central contract that addresses the issues of pay, working conditions and staff shortages.

That's why we're seeing red, and that's why we're asking all OPSEU HPD members to wear RED every Wednesday.

# Wear RED on Wednesday
