Dear Ms. Casselman:

You are to be congratulated on the bold approach you took to solving the impasse that prevented a fair contract settlement with the OHA. It was a big step. You showed a lot of courage.

On behalf of Howard and the NDP Caucus here at Queen's Park, thank you from the workers of this province. I know you will convey our sentiments to your membership. Taking courageous positions always takes grit and guts -- OPSEU demonstrated both in abundance and used them to succeed.

Yours sincerely, *In solidarity,*
Peter.
