At Convention 2003, OPSEU adopted HIV/AIDS as our primary international issue and established the Live and Let Live Fund. All locals are encouraged to make this their fund-raising priority, and to contribute a **minimum of one cent per member per month** to this Fund. These contributions will be matched centrally.

These funds will be disbursed at least twice each fiscal year: 75 per cent to African-based and 25 per cent to Ontario-based organizations. The international donations will be disbursed based on recommendations received from the Stephen Lewis Foundation and determined by the Live and Let Live Committee. Ontario based organizations will receive funds based on the decision of the Live and Let Live Committee.

OPSEU will provide a "Live and Let Live" award to be presented annually at Convention to the local that promotes, advances and advocates on behalf of this fund/cause, and that the normal process for Convention awards be used.
