## About quality home care

**To: Hon. Mike Harris**

Premier of Ontario

**I care about quality home care.**

Your government's policies are forcing the staff of the Victorian Order of Nurses to take job action. These dedicated nurses do an excellent job of providing home care in Hamilton Wentworth.

I urge you to re-think your approach to home care. Invest the money the Community Care Access Centres need to ensure vulnerable citizens get help.

**Stop destroying high quality services that we need.**
