

Registration forms will be mailed out or emailed

Please note that registration forms will be sent to your Local President (and Unit Stewards in composite Locals) prior to the appropriate educational. Forms need to be prioritized/ranked by the Local President and returned as quickly as possible as they are date stamped for priority purposes.

Please make sure the application is filled out completely as follow-up or returns will only delay the process.

Once registration forms are circulated and completed, they should be returned to your Local President who will prioritize/rank them before mailing or faxing them to the Peterborough Regional Office.

Once attendance is approved, you will be notified by mail of your acceptance and any arrangements made on your behalf.
