Information for OPSEU members in the Ontario Public Service • April 12, 2006

April 18 is last day to hand in MTO security check forms

OPSEU members in the Ministry of Transportation of Ontario who are required to complete consent forms related to security checks must do so by April 18.

The union met with the employer yesterday. After reviewing the material on the MTO Intranet, the two sides have agreed that OPSEU members will deliver the required information either to their managers or directly to the Emergency Management and Security Branch (in the Ministry of Government Services) by Tuesday.

The employer will be confirming with employees, in writing by the end of this week, that they have the option of returning the confidential consent form to the ministry-designated managers

or directly to EMSB in a sealed envelope

If you have questions about the security check that you aren't comfortable talking about with your OPSEU local president or staff representative, please call Job Security Officer Marg Simmons at OPSEU Head Office. Marg is at (416) 443-8888 ext. 8377 or 1-800-268-7376 ext. 8377.

Individuals who are unable to return their security check documents by April 18, or who cannot access the security checks policy and procedures on the Intranet, should speak to their manager. If the matter can't be resolved with the manager, members should speak with their local president, staff rep, or Marg Simmons.
